

Troy Support Organization

An Education Foundation

Matching Gifts and Grants

Your employer can be a valuable contributor to Troy classrooms!

Troy Support Organization (TSO) – We are an education foundation (501c3) that provides financial support for enhanced educational equipment in your child's classroom here at Troy! You can support us by making a donation and/or by the methods below.

Matching Gifts

Your contribution could be matched dollar for dollar!

Many companies offer matching gift programs that will double, and sometimes even triple, your donation. Please check with your employer or organization (often this is handled by the Human Resources/Personnel Department) to see if it participates in matching gift programs.

Once you have determined that your company matches donations:

- 1) **Complete** the appropriate form provided by your employer and
- 2) **Mail** with
 - a) your donation and completed TSO Donor Form,* **OR**
 - b) a copy of your original TSO Donor Form, if your donation was previously submitted.*

* Step 2 is vital as it will enable us to verify your donation with your company and correlate both employer and employee contributions.

Grants

If your company has a giving foundation, please let us know!

We will write the grant and do all the follow up; just point us in the right direction. We have successfully written grants to many companies, including *Beckman Coulter*, *Experian* and *Broadcom*. We have also been awarded grants from private foundations such as the *W.W. Phelps Foundation*. We have the most success when Troy parents work at the companies we submit grants to. Please email us if you know of a company that we can contact.
